Food is selected on the basis of cost, healthiness, student interest and ease of ability to provide. policies, admission policies, financial assistance, and other policies, admission policies, financial assistance, and other school administered programs.

#### Parent Testimony:

"Trinity Lutheran School has been an answer to our prayers. We have always wanted our children to have a Christian education and Trinity provides that and more.

It is a school where students are welcomed for who they are and aren't made fun of for their differences.

It is a school that builds confidence and character in its students.

It is a school that works with its students at their own personal level and challenges them where they are at.

They encourage student interaction between all age groups therefore bridging any generational gaps.

But best of all they are an example of Christ's love! I want my kids to be loved and cherished for who God made them to be and that happens at Trinity"
